Great Break from the traditional all wine tour. It was a great break from the norm. Sonoma and Napa need more of these types of experiences. Had a great time!

My boyfriend and I enjoyed pairing fine wine with California's best cannabis. Fred came right to our Airbnb as promised. We had the best of both worlds, my boyfriend enjoys a good smoke, and I enjoy sipping a fine wine. Our personal guide was knowledgeable, easy going and great company. It was worth every penny to not worry about driving and just enjoy the experience. We highly recommend this small business for a personal, unique tour.

Living in California, it is pleased to be driven to Weed destination in comfort and confidence. Fred took us on an enchanting ride thru beautiful Sonoma wine country and our group of 4 was relaxed and happy. The Weed store destination did not disappoint, it was great, got my tea. All's well that ends in weed.

Thanks Fred, and Wine Country Weed Trips.
